

# My Soul Sings

Chorus 1:

D A/C# Bm G - A

It's just a little while longer and I'll see You.

It's just a little while longer and I'll know You.

It's just a little while longer and we'll be together.

Chorus 2:

D A/C# Bm G

My soul sings, my soul sings, my soul sings:

“How I love You!”

All I want is just to know Your heart,

And won't You keep me here until we're one.
